Guru Poornima

“The guru is the creator Brahma, Guru is the preserver Vishnu, Guru is the destroyer Shiva, Guru is directly the supreme spirit”.

-Adi Shankara Acharya

The guru is the most important person in our life. People pay homage to all gurus and offer their respects to all their gurus. It is said that to achieve success, you should find a good guru.

The quote above shows us the importance of the guru in one’s life.

“Guru” in Sanskrit is translated as the dispeller of darkness and refers to the spiritual guide who enlightens his disciples. They not only preach us spirituality but also help us to develop mentally and intellectually. They help you to connect to the guru within. With that being said, Guru Poornima (Monday, July 3) is observed on full moon day during Ashadha month my. e. June-July as per Hindu calendar.

It is the day when one offers obeisance to their spiritual masters, teachers, or Guru. This day is also known as Vyasa Poornima and commemorated as the birth anniversary of Veda Vyasa, the author of the great epic, Mahabharatha. Some of the notable gurus, who enlightened us by giving knowledge are Sri Madvacharya, Adi Shankara Acharya, and Sri Ramanuja Acharya.

Not only Hindus but also Buddhists celebrate Guru Poornima in the honor of Gautama Buddha. It is said that Buddha gave his first sermon at Saranath in Uttar Pradesh on this day.

We have to value the Guru who gave us wisdom, knowledge and discipline and the person who guides us. He is the one who dispels all fear.

As Rama Krishna Paramahansa said – “He alone is the true teacher who is illuminated by the light of true knowledge”.
