# PARENT - TEACHER MEETING

The Parent-Teacher Meeting was held on 7th February 2026 for all grades. The meeting focused on students' academic performance, behavior, and overall development. Parents and teachers discussed individual progress, strengths, and areas for improvement. The interaction strengthened parent-teacher communication and supported collaborative efforts for students' growth. Overall, the meeting was successful and productive.

# PARENT ORIENTATION

An Orientation Programme for the new batch of Grade 9 and 10 students and their parents was conducted on 7th February 2026. The programme aimed to familiarize students and parents with the school's academic framework, rules and regulations, examination system, and co-curricular activities. The Principal highlighted the vision and mission of the school. Parents were informed about the curriculum, assessment pattern, attendance norms, and discipline policies. They were encouraged to support their children both academically and emotionally during this crucial stage. An interactive session was held where parents clarified their doubts and shared their expectations.

# CHINNARA HEJJE

The Nursery Talent Show “Chinnara Hejje” was held on Friday, 20th February 2026, with great joy and excitement. The event beautifully showcased the creativity, confidence, and talents of our little ones. Parents were delighted to witness their children’s memorable performances on stage.

# SWACHHATA HI SEVA - 2026

To promote sustainable habits among students, BBMP personnel conducted an interactive waste segregation awareness programme at our school on 24th February 2026. The programme aimed to educate students on the importance of decentralized waste management and its role in maintaining a clean environment. The programme concluded with a solemn oath-taking ceremony led by the Headmaster, Shri Sathyanarayana Bhat, along with the Principal, Smt. Varsha S S, in the presence of teachers, staff, and students. Students also participated in a rally to create awareness about keeping the city clean.

# WEBSITE RE-LAUNCH

The redesigned official website of Shree Bharathi Vidyalaya was re-launched on 25th February 2026 with divine blessings by Srimajjagadguru Shankaracharya Shri Shri Raghaveshwara Bharathi Mahaswamiji. This re-launch marks a renewed step towards stronger digital presence and better connectivity with our school community.

# NATIONAL SCIENCE DAY

National Science Day was observed in the school assembly on 28th February to mark the discovery of the Raman Effect by Sir C. V. Raman. The occasion highlighted the importance of science in everyday life and encouraged students to develop a scientific outlook.

On this occasion, Mithila Venkatesh of Class 9B delivered a speech explaining the importance of National Science Day. She clearly described the significance of the *Raman Effect* and its contribution to the field of physics. Her speech emphasized curiosity, innovation, and the role of scientific research in national development. The programme helped students understand the value of scientific achievements and inspired them to take interest in science and research.

# ಬಾಂಧವ್ಯ with ಶ್ರೀ ಭಾರತಿ

Shree Bharathi Vidyalaya proudly hosted "Bandhavya with Shree Bharathi" on 7th March at the School Auditorium. The gathering brought together alumni from different batches, creating a wonderful atmosphere of nostalgia, gratitude, and pride. It was truly heartwarming to see our former students reconnect with their teachers and their beloved institution. The programme celebrated the strong bond between the institution and its alumni and highlighted the legacy of over 25 years of dedicated service in education. We thank all the alumni who participated and made the event memorable.

# ACHIEVEMENTS

**Sughosh B R - 3C**

Secured second place in Krishna premier Badminton Academy tournament.

**Mahati K Bharadwaj - 6A**

Received the third place in Nadotsava music competition by Nadiga Academy of Music.

**Vishwadhika R Sai - 2A**

Received an appreciation certificate for her wonderful performance in Yaksha Chitra Sante in Chittrakaka Parishad.

**Shreepriya S - LKG 2**

Received second place in  
Vachanagayana competition  
conducted by Vachana Jyothi Balaga.

**Siddhesh K - 7 C**

Received best performer award in  
National level open Yogasana  
Championship 2026.

**Sannidhi S Patil - 5 A**

Completed level 2 Abacus.

**Prathyaya Rao - 3 B**

Completed level 4 Abacus

Received A++ grade in Abacus 4th level grade exam by The Sparrows

**Pavani Y - 1C**

Received appreciation certificate and momento for her performance in Annual Day program of Kshana Kshana.

**Sanchit Patil - 3B**

Received a medal and certificate for his performance in 37th annual dance festival Natyam 2026 by V Infinity dance studio.

**Jeevitha K S - 6 B**

Successfully completed level 1 in SIP Abacus.

**Gaana B R - 2 B**

Received a participation certificate and medal for performing in annual day dance by Kids Kingdom.

**Pavan T - 5 A**

Received medal and certificate for performance in annual day by V Infinity dance studio.

**Sharadhi - 1C**

Received an appreciation moment of for her performance in Maha Shivaratri Mahotsavam by Sri Virupaksha Swamy Devasthana trust.

**Abhitha K - 3A**

Received first place in music competition by Vachana Jyothi balaga.

**Suhruth Bharadwaj G A -5A**

Won first place in Table Tennis singles.

**Risheek Naveen - 1 A**

Received Momentum and certificate for his performance on Shivratri at Hindu Samajotsava Aayojana Samiti.

**Manvitha. M - 5 A**

Receive second place in 25 m butterfly and third place in 25 m freestyle by Ashmita Swimming League.

**Samina Nadaf - 1C**

Received an appreciation certificate for an outstanding performance in Kala Sinchana program by Gejjenada Nruthya Mandira and received a certificate for taking part in Annual day program conducted by kids Kingdom.

**Sathvik D.R. – 2 B**

Received green belt by Shaolin-chi-kung-Fu Training class.

**Tejas P Naik– 5 A**

Completed level 8 of Pro Abacus.

**Bandhavya D – 1B**

Received first place in Vachana Gayana Akhila Bharatha Sharana Sahithya Parishath.

**Apoorva S M – 6 B**

# STUDENTS' CORNER

## Role of Self-Confidence in Academic Success

Self-confidence plays a vital role in academic success, as it helps students perform with assurance and without fear. In an academic context, self-confidence influences a student's approach to learning, their ability to handle challenges, their participation in class, and their response to failure. While intelligence and hard work are important, self-confidence often acts as the driving force that transforms potential into achievement.

A few key aspects that enable students to achieve their goals are:

**Increased Motivation and Persistence:** Students should believe in their ability to improve through hard work, understanding the basics, and exploring concepts in depth.

**Active Learning and Participation:** Students should dare to ask questions, seek clarification, explain topics, and participate in discussions or debates. This helps them understand concepts more effectively.

**Ability to Take Risks:** Students should step out of their comfort zones and take academic risks, especially when dealing with difficult subjects. Successfully attempting challenges increases self-belief and helps overcome fear.

**Effective Stress Management:** Self-confidence helps students handle academic pressure, reduces anxiety, and enables them to perform better in examinations.

Teachers and parents play a significant role in building self-confidence. Encouragement, constructive feedback, recognition of effort, and a supportive environment help students develop positive self-belief. When mistakes are treated as part of the learning process rather than failures, students become more confident in exploring new ideas.

In conclusion, self-confidence is a crucial psychological factor that significantly influences academic success. It enhances participation, builds resilience, reduces fear, and promotes goal-oriented behaviour. While knowledge and skills are essential, the confidence to apply them determines true achievement. Therefore, promoting self-confidence in students should be considered as important as teaching academic content, as it empowers learners to realise and achieve their potential.

Academic success is not only about intelligence but also about the courage to attempt, fail, learn, and try again.

# Importance of Time Management during Exams

The atmosphere during exam season is often filled with stress and the sound of students rushing to finish their syllabus. In the examination hall, the most common complaint is not that the subjects are too hard but rather that there is not enough time to complete them. Time is the most valuable resource, and using it wisely is the best way to turn a stressful week into a successful one.

Time management is not just about studying more; it is about studying smarter. Every student has the same twenty-four hours in a day, but success depends on how those hours are used. Proper planning helps students avoid confusion and unnecessary pressure. It creates a sense of control and direction.

The biggest benefit of managing time is that it helps students stay calm. When study sessions are broken into small, timed blocks, the brain can focus on one task at a time. This makes even the hardest subjects feel much easier to handle.

In addition, organized study habits improve concentration and reduce distractions. Students who manage their time well are less likely to feel overwhelmed. They can balance revision, practice, and rest more effectively. This leads to better understanding and retention of topics.

Good time management also means students do not have to stay up all night rushing at the last minute. When there is a proper plan, work can be completed early, and a full night's sleep can be enjoyed. A rested brain is better at remembering and solving problems than a tired one.

Adequate sleep improves memory, focus, and decision-making abilities. It also helps maintain physical and mental health during stressful periods. Students who rest properly often perform better in exams. Consistent preparation reduces anxiety and boosts confidence.

Inside the examination hall, time management is extremely important. It helps students stay on track so they do not spend too much time on one difficult question and miss easier marks later. By keeping an eye on the clock, they can ensure that every section is completed and answers are reviewed at the end.

Effective use of time during exams increases accuracy and efficiency. It allows students to attempt all questions with confidence. Proper pacing prevents careless mistakes caused by rushing and provides valuable time for revision.

Time management allows students to study effectively while still having time to rest and relax. By taking control of their schedule today, they build a habit that leads to success in both examinations and future life.

Developing this skill early benefits students beyond academics. It teaches discipline, responsibility, and goal-setting. Time management is a lifelong skill that supports success in every field and helps students achieve their full potential.
